Due to the COVID-19 situation the ENCoRE Conference and the 13th General Assembly had to be postponed:

#### ENCoRE Conference

“Specialisations: Trends and Challenges in Conservation-Restoration Education”

**NEW DATE:** 25 November 2020

In order to include latest developments the call for papers as well as the call for posters will be extended to:

**NEW DEADLINE:** 31 July 2020

#### ENCoRE General Assembly

**NEW DATE:** 26 – 27 November 2020

**Venue:** Catholic University of Portugal, Porto

# Specialisations: Trends and Challenges in Conservation-Restoration Education

*ENCoRE Conference, Porto, Portugal 25 November 2020*

## Call for Papers:

The next ENCoRE conference on 25 November 2020 preceding the General Assembly 26-27 November 2020 will be devoted to:

*Specialisations: Trends and Challenges in Conservation-Restoration Education*

Papers are invited on topics related to the developments in past decades including current trends. Some suggested topics are:

- Specialisations and career prospects/market
- Specialist vs generalist
- Defining specialisations
- Specialisations for the future of conservation
- Specialisations and regional demands
- Lack of specialization training possibilities
- Specialisation and continuous professional development (CPD)
- Specialisation and professional qualifications

The Abstract must be submitted by Friday 31 July 2020 to [conference@encore-edu.org](mailto:conference@encore-edu.org)

Abstracts should describe original, unpublished work. Abstracts must be written in ENGLISH and contain the following information:

- Author(s) full name(s)
- Contact author
- Affiliation
- Telephone number
- E-mail address
- Title of the paper
- Key words
- Abstract (max. 500 Words)

Final deadline for handing in papers for publication will be announced later. The papers will go through an editorial process for final selection of publication.

Abstracts must be submitted in Word Format. After the evaluation of the proposed contributions and the selection of papers the program will be announced October 2020. We hope to receive interesting papers demonstrating the various approaches and strategies academic research based teaching may take, dealing with integrated teaching of practical topics ("practice") and theory as well as with rather theoretical topics. You are kindly asked to distribute this call for papers amongst interested colleagues – thank you in advance for your support.

The ENCoRE Conference as well as the General Assembly will be hosted by the Catholic University Porto, Portugal

The Board of ENCoRE

# Call for Posters

The Board of ENCoRE cordially invites students to present a poster on their research project. Submissions are restricted to students who are currently studying conservation-restoration at Masters (or 4th year Bachelors) level, at any European Higher Education (University level) Institution that is a member of ENCoRE. The aim is to present ongoing students' projects, in order to demonstrate the huge variety of research and treatments undertaken by current students of the ENCoRE member institutions.

Consideration will be given to posters that demonstrate both the highest quality of student research and/or practical treatments, and the learning outcomes achieved by European conservation-restoration education programmes.

A maximum of 3 posters per member institution can be submitted. The selection of these proposals as well as their ranking will have to be made by the teaching staff of the ENCoRE member institution

The students must submit the posters together and only with the agreement of the professors to ENCoRE at [conference@encore-edu.org](mailto:conference@encore-edu.org)

Depending on the number of submissions from member institutions and the space available, the board of ENCoRE will make the final selection (at least 1 poster per school) for posters to be presented at the conference.

## Further prerequisites:

The posters must be written in English.

The content of the posters must be submitted before 31 July 2020.

Posters should measure 100 x 70 cm and should not be mounted. Printing and delivery will be the responsibility of the author(s)
